Hospitality Table Top
and Frame Finishes

Table top finishes

polytec® High Pressure Laminate Smooth

Our selection of High Pressure Laminate (HPL) finishes from polytec® will inspire unlimited design possibilities for any hospitality environment.

The latest Smooth finish is designed to reflect a soft, painted appearance with a gentle luminescence that perfectly complements the new colour range, while enhancing the importance of texture and surface feel.

A distinguishing feature of polytec's® HPL is its exceptional colour, depth, and clarity – qualities that closely resemble those of natural materials.

polytec® HPL encapsulates stylish, affordable luxury to suit a variety of budgets and aesthetic preferences, making it an ideal choice for the hospitality industry.

We offer two thicknesses – 25mm and 32mm – with matching ABS edging.

polytec® High Pressure Laminate WOODMATT

WOODMATT is a next-generation product innovation from polytec®, developed through advanced print technology, an enhanced surface finish, and the refinement of natural timbers with more contemporary tones.

Combining the beauty of natural timber with modern technological advancements, WOODMATT features a matte-finished, subtle woodgrain embossing designed to replicate the look, feel, and warmth of authentic timber veneer. It delivers the appearance of timber—without the maintenance.

We offer two thicknesses – 25mm and 32mm.

polytec® Compact Laminate Finishes

Our selection of premium commercial compact laminate finishes from polytec® will inspire unlimited design possibilities for any hospitality environment.

Compact laminate is the ultimate solution for long-lasting, low-maintenance performance in the most demanding and hard-working spaces. Totally impervious to water, it offers a beautiful appearance, exceptional stain and wear resistance, and features a distinctive black core.

We offer one thickness – 13mm – and three different profiles; Shark Nose, Aris and 2mm Double Fine Edge.
